Fighting For You!

CALPAC, the California Medical Association Political Action Committee, supports candidates and legislators who understand and embrace medicine's agenda. Health care in California is highly regulated and legislated. As government and the insurance industry continue their quest to control health care, your clinical autonomy is in great jeopardy. Now more than ever, you need to fight to keep medical decisions in your well-trained hands.

Fortunately, you do not have to wage the fight alone.

Successful legislative advocacy depends upon an integrated approach, consisting of lobbying, continuing grassroots activity and political action through CALPAC. CALPAC is operated by physicians for physicians. By focusing physician resources, CALPAC supports hundreds of candidates for state and federal office who share our philosophy and vision of the future of health care and medical practice.

CALPAC is a voluntary political organization that contributes to physician-friendly candidates for state and federal office. Political law and CALPAC policy determines how your contribution to CALPAC is allocated. CMA will not favor or disadvantage anyone based on the amounts of or failure to make PAC contributions, nor will it affect your membership status with the CMA. Contributions to PACs are voluntary and not limited to the suggested amounts. Contributions are not deductible for state or federal income tax purposes.
